### Sustainability of the Tipton County Foundation

*Donors occasionally contribute to TCF's management and operations, but TCF currently conducts no campaign for its own benefit-- only for the causes supported by its various funds. Donor dollars are only used specifically for the purpose the donor intended.*

Sustainability for the management expenses comes from the proceeds of our investments in two ways. One way is by the proportional share allocated directly to the Foundation's own operating endowments, and restricted gifts from other endowments intended to benefit the Foundation itself. The other is from the low fee paid by each component fund —out of the investment proceeds. No donor dollars are used to pay the fees.

**The Tipton County Foundation** exists for the broad-based philanthropic interests of and community benefit of Tipton County, Indiana.

As the local Community Foundation, TCF is a tax-exempt, nonprofit, autonomous, publicly supported, nonsectarian philanthropic institution.

Founded in 1986 and guided by civic-spirited Volunteers, TCF's long-term goal is the building of permanent, named component funds, established by many separate donors to carry out their charitable intent.

**The Board of Directors recently established the 2016 – 2020 Strategic & Operational Plan, which you can read on the website <https://tinyurl.com/TCFPlan>**
